“Does your child get picked up or dropped off at a house other than yours?” – Please RESPOND

Dear Parents:

If your child will be picked up or dropped off **daily** at a bus stop other than at your assigned bus stop near your home address, during the next school year, please fill out the form below with the necessary information.

Important: All information from previous years will be eliminated, and therefore everyone using a regular alternative pick-up or drop-off site must fill out this form every year for each child.

We need the fire number or street address of the alternative site in order to assign the correct bus route. Please return this form to the Transportation Department as soon as possible, but **not later than July 1**. You may return this form to your child’s teacher until the end of the school year.

Thank you for your cooperation.

Kaneland Director of Transportation
